# **Actian Australia Pty Limited**

ABN 91 116 893 326

Annual Report – 1 January to 31 December 2021

#### **DIRECTORS' REPORT**

Your directors present their report together with the financial report of the company for the financial year ended 31 December 2021. In order to comply with the provisions of the Corporations Act 2001, the Directors report as follows.

### **Directors**

The names of the directors in office at any time during, or since the end of, the year are:

Marc David Monahan

Stephen Mark Padgett

David Mark Henderson (appointed 27 April 2021)

Brett John Watson Miller (resigned 27 April 2021)

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

### **Review of Operations**

The profit of the company for the financial year after providing for income tax amounted to \$121,505. (2020: \$2,578,619)

### Significant Changes in the State of Affairs

No significant changes in the company's state of affairs occurred during the financial year.

#### **Principal Activity**

The Company's principal activity is that of providing software computer consulting services.

No significant change in the nature of providing this activity occurred during the year.

### **Events Subsequent to the End of the Reporting Period**

No matters or circumstances have arisen since the end of the financial year that has significantly or may significantly affect either:

- The company's operations in future financial years
- The results of those operations in future financial years or
- The company's state of affairs in future financial years

### Likely Developments and Expected Results of Operations

Likely developments in the operations of the company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the company.

### **Environmental Regulation**

The company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

## Dividends

There were no dividends paid or declared since the start of the financial year.

### **DIRECTORS' REPORT**

### **Options**

No options over issued shares or interests in the company or a controlled entity were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

No shares were issued during or since the end of the year as a result of the exercise of an option over unissued shares or interests.

### Indemnification of Officers

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of the company.

### Proceedings on Behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the company or intervene in any proceedings to which the company is a party for the purpose of taking responsibility on behalf of the company for all or any part of those proceedings.

The company was not a party to any such proceedings during the year.

### **Auditor's Independence Declaration**

A copy of the auditor's independence declaration as required under s 307C of the *Corporations Act 2001* is set out on page 4.

This directors' report is signed in accordance with a resolution of the Board of Directors:

Dated this 5 of May 2022

Director Marc Monahan

Director David Henderson

# AUDITOR'S INDEPENDENCE DECLARATION UNDER S 307C OF THE CORPORATIONS ACT 2001 TO THE DIRECTORS OF ACTIAN AUSTRALIA PTY LIMITED

I declare that, to the best of my knowledge and belief, during the year ended 31 December 2021 there have been no contraventions of:

- the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- ii. any applicable code of professional conduct in relation to the audit.

Dated this 4 of May 2022

Jack Singh

Registered Company Auditor – Goss & Clarke

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

The financial statements cover Actian Australia Pty Limited as an individual entity. Actian Australia Pty Limited is a company limited by shares, incorporated and domiciled in Australia. It also includes the activities of a branch in New Zealand. The company was controlled by a foreign company for all of the reporting period and is not consolidated for that period in financial statements lodged with the Australian Securities and Investments Commission.

The financial statements were authorised for issue on 05 May 2022 by the directors of the company.

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Preparation**

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board and the *Corporations Act 2001*. The company is a for-profitentity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the Australian Accounting StandardsBoard has concluded would result in financial statements containing relevant and reliable informationabout transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on accrual basisand are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

### a. Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income for the current period. Current tax liabilities (assets) are measured at the amounts expected to bepaid to (recovered from) the relevant taxation authority using tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liabilitybalances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss or arising from a businesscombination.

Except for business combinations, no deferred income tax is recognised from the initial recognition of an asset or liability where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to theperiod when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the relatedasset or liability. With respect to non-depreciable items of property, plant and equipment measured at fair value and items of investment property measured at fair value, the related deferred tax liability or deferred tax asset is measured on the basis that the carrying amount of the asset will be recovered entirely through sale. When an investment property that is depreciable is held by the company in a business model whose objective is to consume substantially all of the economic benefits embodied in the property through use over time (ratherthan through sale), the related deferred tax liability or deferred tax asset is measured on the basis that the carrying amount of such property will be recovered entirely through use.

Deferred tax assets relating to temporary differences and unused tax losses are recognised onlyto the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

Where temporary differences exist in relation to investments in subsidiaries, branches, associates and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that thereversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (i) a legally enforceable right of set-off exists; and (ii) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxableentities, where it is intended that net settlement or simultaneous realisation and settlement of therespective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

The company is subject to MAAL (Multi-national Anti-avoidance Law) requirements from the Australian Taxation Office.

The company is subject to income tax in the jurisdictions in which it operates. Significant judgement is required in determining the provision for income tax. There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. The company recognises liabilities for anticipated tax issues based on the company's current understanding of the tax law. Where the final tax outcome of these matters is different from the carrying amounts, such differences will impact the current and deferred tax provisions in the period in which such determination is made.

### b. Significant Accounting Judgements, Estimates and Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events which management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

### c. Financial instruments

### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party tothe contractual provisions to the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (otherthan financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, or initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financialliabilities at fair value through profit or loss are recognised immediately in profit or loss.

## **Financial Assets**

Financial assets are classified into the following specified categories: financial assets at fair valuethrough profit or loss, held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and determined at the time of initial recognition. The Company's financial assets comprise of receivable only.

### (i) Loan and Receivables

Trade receivables, loans and other receivables (including seed funding) that have fixed or determinable payments that are not quoted in an active market are classified as 'loans andreceivables'. Loans and receivables are measured at cost less impairment.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

#### (ii) Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for impairment at the end of each reporting period. Financial Assets are considered to be impairedwhen there is objective evidence that, as a result of one or more events that occurred after theinitial recognition of the financial asset, the estimated future cash flows of the investment havebeen affected.

For certain categories of financial asset, such as trade receivables, assets that are assessed notto be impaired individually are, in addition, assessed for impairment on a collective basis.

Objective evidence of impairment for a portfolio of receivables could include the Company pastexperience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 60 days, as well as observable changes in national orlocal economic conditions that correlate with default on receivables.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets through the use of an allowance account. When a receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amountpreviously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

### (iii) Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership for the asset to another entity. The difference between the asset's carryingamount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

#### **Financial Liabilities**

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss'or 'other financial liabilities'. The Company has only other financial liabilities.

### (i) Other financial liabilities

Other financial liabilities, including trade and other payables, are initially measured at fair value, net of transaction costs.

### (ii) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. The difference between the carrying amounts of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### d. Foreign Currency Transactions and Balances Functional and presentation currency

The Company's financial statements are presented in Australian Dollars (\$AUD) which is also the functional currency.

### Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit orloss, except where deferred in equity as a qualifying cash flow or net investment hedge.

Exchange differences arising on the translation of non-monetary items are recognised directly inother comprehensive income to the extent that the underlying gain or loss is directly recognised in other comprehensive income; otherwise the exchange difference is recognised in profit or loss.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### e. Employee Benefits

#### Short-term employee benefits

Provision is made for the company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation issettled.

The company's obligations for short-term employee benefits such as wages, salaries and sickleave are recognised as part of current trade and other payables in the statement of financial position.

### Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Upon the remeasurement of obligations for other long-term employee benefits, the net change in the obligation is recognised in profit or loss as part of employee benefits expense.

The company's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the company does not have anunconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### f. Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a resultof past events, for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### g. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short- term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement offinancial position.

### h. Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after takinginto account any trade discounts and volume rebates allowed.

To determine whether to recognise revenue, the company follows a 5-step process:

- Identifying the contract with a customer
- 2. Identifying the performance obligations
- 3. Determining the transaction price
- 4. Allocating the transaction price to the performance obligations
- 5. Recognising revenue when/as performance obligations are satisfied. All revenue is stated net of the amount of goods and services tax.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### i. Trade and Other Receivables

Trade and other receivables include amounts due from customers for goods sold and servicesperformed in the ordinary course of business. Receivables expected to be collected within

12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. The collectability of debts is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for impairment of receivables is established when there is objective evidence that the Company willnot be able to collect all amounts due according to the original terms of receivables

Trade and other receivables are initially recognised at fair value and subsequently measured atamortised cost using the effective interest method, less any provision for impairment.

### j. Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the entitythat remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

### k. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where theamount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. Thenet amount of GST receivable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

### I. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform tochanges in presentation for the current financial year.

Where the company retrospectively applies an accounting policy, makes a retrospective restatement, or reclassifies items in its financial statements, a third statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

### m. Intangible Assets – Impairment

The company assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the company that may be an indicator of impairment. Recoverable amounts of relevant intangible assets are reassessed using value-in-use calculations, which incorporate various key assumptions.

## n. New and Revised or Amended Accounting Standards and Interpretations Adopted

The company has adopted all of the new, revised or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

### o. New Accounting Standards and Interpretations not yet Mandatory or Early Adopted

A number of new standards are effective for annual periods beginning after 1 July 2021 and earlier application is permitted; however the Company has not early adopted the new or amended standards in preparing these financial statements.

The new standards are not expected to have a significant impact on the Company's financial statements.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### p. Performance obligations under AASB15

To identify a performance obligation under AASB 15, the promise must be sufficiently specific to be able to determine when the obligation is satisfied. Management exercises judgement to determine whether the promise is sufficiently specific by taking into account any conditions specified in the arrangement, explicit or implicit, regarding the promised goods or services. In making this assessment, management includes the nature/-type, cost/-value, quantity and the period of transfer to the goods or services promised.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### Provision for employee benefits

Provision for employee benefits represents amounts accrued for annual leave and long service leave.

The current portion for this provision includes the total amount accrued for annual leave entitlements and the amounts accrued for long service leave entitlements that have vested due to employees having completed the required period of service. Based on past experience, the company does not expect the full amount of annual leave or long service leave balances classified as current liabilities to be settled within the next 12 months. However, these amounts must be classified as current liabilities since the company does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlement.

The non-current portion for this provision includes amounts accrued for long service leave entitlements that have not yet vested in relation to those employees who have not yet completed the required period of service

### **NOTE 15: DEFERRED REVENUE**

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

### **NOTE 18: RELATED PARTY TRANSACTIONS**

### **Related Parties**

The company's main related parties are as follows:

### a. Entities exercising control over the company

The ultimate parent entity, which exercises control over the company, is: HCL Technologies SEP Holdings, INC.

### b. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity is considered key management personnel.

### c. Other related parties

Other related parties include close family members of key management personnel and entities that are controlled or jointly controlled by those key management personnel, individually or collectively with their close family friends.

### Transactions and outstanding balances with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties (i.e. at arm's length) unless the terms and conditions disclosed below state otherwise. The following transactions occurred with related parties:

### **DIRECTORS' DECLARATION**

In accordance with a resolution of the directors of Actian Australia Pty Limited, the directors declare that:

- The financial statements and notes, as set out on pages 5 to 25, are in accordance with the Corporations Act 2001 and:
  - a. comply with Australian Accounting Standards Reduced Disclosure Requirements as stated in accounting policy note 1 to the financial statements and the *Corporations Regulations* 2001; and
  - b. give a true and fair view of the financial position as at 31 December 2021 and of the performance for the year ended on that date of the company.
- 2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Dated this 5 of May 2022

Director

Marc Monahan

Director David Henderson

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ACTIAN AUSTRALIA PTY LIMITED

### Report on the Audit of the Financial Report

### Opinion

We have audited the financial report of Actian Australia Pty Limited (the company), which comprises Statement of Financial Position as at 31 December 2021, Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year ended 31 December 2021, and Notes to the Financial Statements, including a Summary of Significant Accounting Policies, and the Directors' Declaration.

### In our opinion:

- a. the accompanying financial report of Actian Australia Pty Limited is in accordance with the Corporations Act 2001, including:
  - giving a true and fair view of the company's financial position as at 31 December 2021 and of its financial performance for the year then ended; and
  - (ii) complying with Australian Accounting Standards Reduced Disclosure Requirements and the Corporations Regulations 2001.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the company's annual report for the year ended 31 December 2021, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ACTIAN AUSTRALIA PTY LIMITED

### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
